General Director
Olga Nikolaevna Kobikova

Letter of Recommendation

With this letter of recommendation, we would like to note the successful experience of cooperation with **LLC “iCom”**, which carried out the supply and installation of environmental monitoring equipment for server rooms under **State Contract No. 07P/21**.

The main objectives of the supply and installation of environmental monitoring equipment for server rooms were:

- to organize monitoring of **temperature, humidity, smoke levels, and the presence of liquid** in server rooms;
- to organize **prompt notification of personnel** in case of exceeding the specified threshold values of environmental parameters.

The main task of the supply and installation of environmental monitoring equipment for server rooms was to equip the server rooms with **data collection units for monitoring environmental conditions**.

Under this contract, all assigned tasks were completed **with high quality and within the agreed time frame**.

We would also like to particularly note the ability of the **LLC “iCom” team** to meet the customer halfway in implementing complex and non-standard tasks and to promptly offer optimal solutions.

We would like to recommend LLC “iCom” as a **reliable partner and supplier in all areas of industrial process automation**.

Head of the Information Technology Department

I.B. Mozdor
